REPLACEMENT PARTS - Frequently Asked Questions (FAQ)

What if I need just one or two parts?

WeFixItUSA.com's Minimum Order Amount for inactive Projects is \$250.00, not including shipping or tax. There may be other companies that offer the same part, but with a significantly smaller minimum order amount. Please check out the following sources for small quantity orders:

FOR HARDWARE:

www.BilbestWindowParts.com
www.DoorsWindowsHardware.com
www.OldachParts.com
www.DoowWindowParts.com

FOR BLINDS (and related hardware):

www.DoorsWindowsHardware.com
www.BiltBestWindowParts.com

What if I need an old part?

WeFixItUSA.com is only able to provide support for parts that aren't obsolete. The distribution and hardware companies listed above carry inventory longer than WeFixItUSA.com does, and have a higher likelihood of carrying those parts.

What if I don't know the WeFixItUSA.com part number?

Not knowing the part number is actually more common than knowing it. If you don't know it, please provide a photograph or use the Hardware Selection Guides on the WeFixItUSA Web site. "A picture is worth a thousand words," and will help speed up and increase the accuracy of the quote process.

What if I order the wrong part?

WeFixItUSA will make every effort to help ensure the part you order is the part you need, but unfortunately, WeFixItUSA doesn't accept returns, nor are we able to offer refunds for parts that weren't ordered correctly.

How do I pay for these parts?

For inactive projects, all replacement part orders require pre-payment by credit card. For active projects, please contact your WeFixItUSA project manager.

How will the parts ship?

All orders will be FOB point of origin. Quote pricing will include standard rate shipping (e.g. UPS ground), unless you advise otherwise.

What if I don't know the WeFixItUSA project number?

That's ok; the project number isn't a "must have". If you know the number, or can easily find it, please include this information. You can inquire with the building management to see if they can provide the project number, or for active projects, contact your WeFixItUSA project manager for the correct number.

If I agree to pay the price on the quote, what's next?

Indicate your approval on the quote, then Fax or e-mail it to WeFixItUSA. You will be contacted to obtain the necessary information to create and process your order. Please have the shipping address and your credit card information handy (number, expiration, security code, billing address, name on card, etc.).
